Memorandum to All Bidders for the  
Boardwalk Hall Switchgear Replacement  
Addendum #3, Dated 01/29/20

**Re: Atlantic City Boardwalk Hall  
Switchgear Replacement  
Addendum #3, Dated 01/29/20  
CEG #8C17453.00**

To all Bidders:

The following Addendum #3 Contains written clarifications to the contract, Revised Electrical drawings, and clarifications to mechanical control requirements. The owners/engineer's clarifications are provided below followed by a list of the revised electrical drawings with a brief summary of changes.

**Clarifications:**

1. The new air handlers being installed within the new 23KV electrical room must utilize the buildings existing controls and vendor CM3, substitutions will not be allowed.
2. The length of time allowed for substantial completion has been extended by the owner from 12 months from the time of contract award to 18 months from the time of contract award.
3. All disconnect switches must be lockable and furnished with a programmable master lock.

**Drawing revisions:**

**Drawing E-301 – Electrical Concourse Level New Work Power Plan** – Several typographical errors were corrected including the name of panel RP-3, Distribution Panels “D” & “C” and the KVA size of the main transformers.

**Drawing E-401 – Electrical New Work Single Line** – Two typographical errors were corrected for Distribution Panels “D” & “C”.

Any additional questions and/or any requested clarifications to the included material must be submitted in writing via Boardwalk Hall’s website portal by January 24, 2020.

Sincerely,  
Concord Engineering Group, Inc.

Eric Taggart  
Director, Commercial/hospitality Engineering
